Onda

Rainbow collection

Morbidezza e stile, la nuova collezione Onda si veste di colore. Al bianco del metallo vengono abbinare nuove cromie, nuove essenze lignee, lasciando spazio alla creatività. Un design minimale e contemporaneo e allo stesso tempo sinuoso ed avvolgente, per ambienti da personalizzare, giocando con l'emozione del colore e della materia.

Curvaceous and stylish, the new Onda collection acquires colour. New shades and new types of wood are combined with the white of the metal, for greater creative potential. Minimalist, contemporary design that is also sinuous and welcoming, for personalised compositions exploiting the emotional content of colours and materials.

Sinueuse et stylée, la nouvelle collection Onda se pare de couleur. Au blanc du métal s'ajoutent de nouvelles chromies, de nouvelles essences bois, en faisant place à la créativité. Un design minimal et contemporain et en même temps sinueux et enveloppant, pour des espaces à personnaliser, jouant avec l'émotion de la couleur et de la matière.

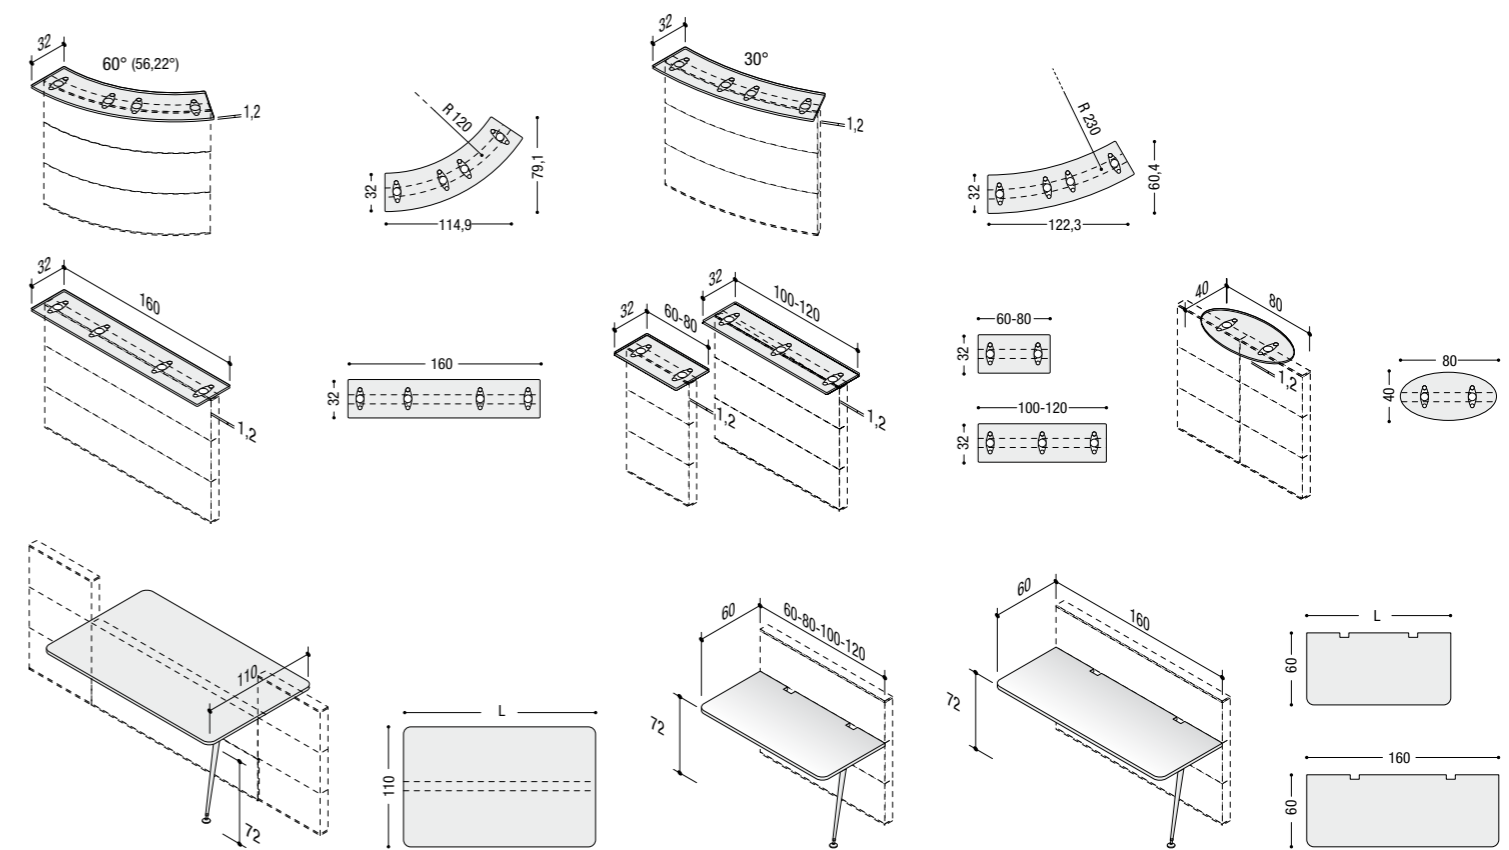

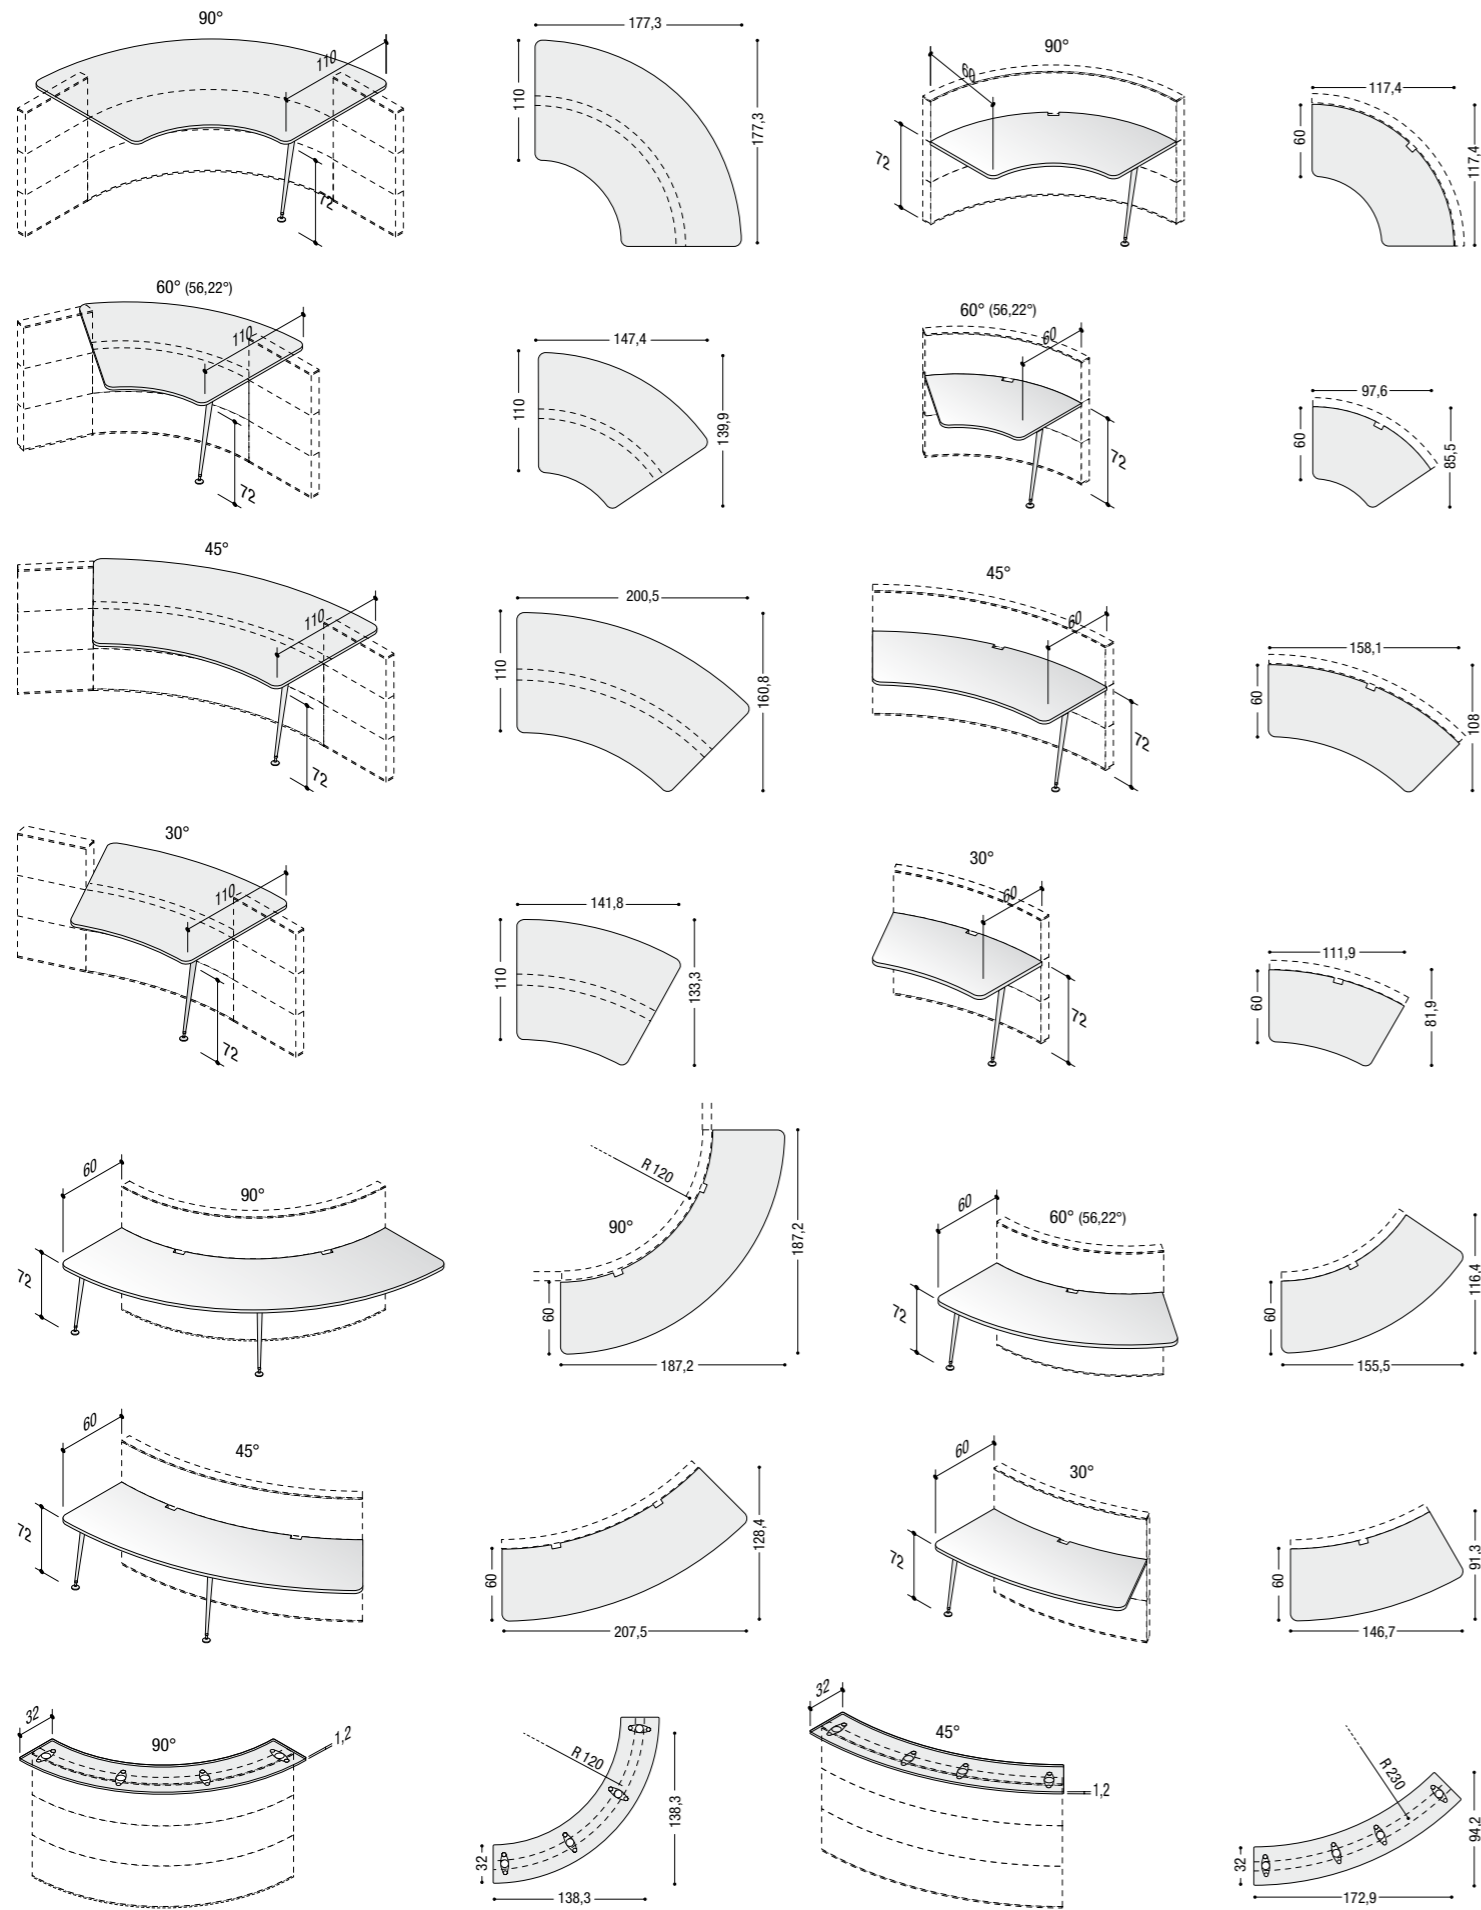

Zartheit und Stil, die neue Kollektion Onda kleidet sich in Farben. Dem Weiß des Metalls werden neue Farben und neue Holzessenzen hinzugefügt, die der Kreativität Platz lassen. Ein zeitgenössisches Minimal-Design, das gleichzeitig kurvenreich und einladend ist, für individuell zu gestaltende Bereiche, wo mit der Emotion der Farbe und des Materials gespielt wird.

Suavidad y estilo, la nueva colección Onda se viste de color. El blanco del metal se combina con nuevos colores y nuevas maderas, dejando espacio a la creatividad. Un diseño minimal y moderno y, al mismo tiempo, sinuoso y envolvente, para espacios que se personalizan jugando con la emoción del color y de la materia.
